Shining a light on podiatry

Podiatry services were recently enhanced with the purchase of an overhead lamp with magnifying glass thanks to a donation from the Sea Lake auxiliary.

Podiatrist Jo Mallinson is thrilled with the new equipment which she has used for every patient since its installation. Jo says the lamp and magnifier allow her to see everything much more clearly and are particularly useful for delicate procedures like removing embedded splinters or animal hair.

A weighty donation

New scales generously donated by the Sea Lake Hospital Auxiliary are already being put to good use.

All residents need to be weighed monthly and the new scales will help us get a more accurate reading. It is much easier for all involved to drive residents onto the scale in the chair they're in rather than transferring to another device and expecting the resident to remain still.

Volunteers welcomed back

Keen to get back to supporting our community, our dedicated volunteers have begun returning to their roles around MTHCS.

We are very pleased and grateful to have them back with us. A huge thank you also to MTHCS staff who have worked to fill the very large void left by our volunteers.

Volunteers coming into our facility are all double vaccinated, will be wearing the necessary personal protective equipment and have received good training to safely perform their roles.
