Ouyen Bakery Comes Through With The Goods

Hostel residents, Dr Young and staff were recently spoiled for choice with a generous donation of sweets from the Ouyen Bakery. The selection for morning tea (below) included delicious cakes and slices, and were enjoyed by all with a cuppa.

Thank you Ouyen Bakery for your kindness - it put a smile on everyone's face!

Gastroenteritis Outbreak In Victoria

Please be aware that there has been a rapid rise in outbreaks of viral gastroenteritis in Victorian childcare centres.

Infants or children, as well as staff, who develop vomiting or diarrhoea should not attend childcare, camps or any other group activities until at least 48 hours after their symptoms have stopped.

Symptoms can take up to three days to develop and last between one or two days or longer.

They include nausea, vomiting, diarrhoea, fever, abdominal pain, headache and muscle aches.

If symptoms are severe or they persist, or you are concerned, book in with the GP for advice or testing.

Everything Old Is New Again

Residents at Pattinson House loved a recent Leisure and Lifestyle activity where they made hedgehogs out of second hand books.

What a great way to repurpose things and give them a new lease of life! They look fantastic!

Water Program To Make A Splash!

Are you and your child interested in gaining confidence in the water?

MTHCS Infant Water Program aims to concentrate on water familiarisation, water safety education and an introduction to basic swimming skills. If this is something you are interested in, please call Allied Health team on 50921111 or text 0409483132 and provide your name and email to go on our email list!

Below: Sadie and Jade enjoy some time in the pool learning new skills.
